EDUCATION

BA (Hons) Music Production BIMM Institute

09/2019 - 06/2022

Berlin, Germany

PERSONAL PROJECTS

Immersive VR Sound Experience (03/2022 - 05/2022)

- Built with Max/MSP and Oculus Quest
- Uses a self-built modal synthesis engine and spatial audio to provide an interactive experience based on listener movement and speed

Granular Vocoder Audio Plugin (09/2021 - 01/2022)

- Built with Max/MSP
- Uses granular synthesis to split audio signal before passing through a vocoder

Amaro Builder Website (03/2023 - Present)

- MERN stack with Vite & Tailwind
- Intended to be used for developing Amaro, liqueur and syrup recipes
